You probably know that the term “apple of my eye” means someone I passionately cherish.

The "apple" is the pupil of the eye, the part:

- Sensitive to the slightest touch
- Harmed by the tiniest particles
- Irreparable if damaged or destroyed

We instinctively protect and cherish our eyes, perhaps more than any other part of our bodies.

In Deuteronomy 32:10 and Zechariah 2:8 God calls His people the “apple of His eye.”

As Christians, we are the apple of God’s eye.

Just think about that...we are God’s highest priority on earth...made in His image. He protects us, cares for us, and cares about us. We are cherished by the God of the Universe! Wow!

~~~~~  
Blessings on this new season as we “FALL” in love with God’s love for each of us!
